PRESIDENTS MESSAGE

Greetings,

The April meeting has passed, and we are rounding the corner on third base to finish out the year in May (maybe a bad pun there). It's an enjoyable time of the year, and I hope this letter finds everyone enjoying the spring weather and bloom of color that comes with the season. Thanks to Bill Lhota, our April speaker, for providing a presentation that counts for one credit towards the "rules" requirement of continuing education to maintain a professional engineering license.

Chapter business during the May meeting will include officer elections for the upcoming year. We have put several feelers out there with some interest. If you are interested or know of someone who may be interested in the Secretary position, please contact me. An e-mail from the website will be directed to the President.

And finally, we've already started planning for the golf outing in September. It sounds like we may be changing venues this year for the better I think. Stay tuned for the first announcement which should be coming out in May.
